

Dear friends,

It is a pleasure to share with you about the one of the most expected event in year 2015 for all our team and more than 100 families - our Orphan Care Camp. My heart is full of gratitude to God for great blessings that He poured on us during the week of Orphan Care camp that we had in June, 21-26!

More than 130 children and parents were united during last two weeks in one big family. They studied together, participated in the program activities and communicated a lot.

Leadership team

The children were involved in various activities, games, competitions and performances presented and prepared by the team of New Hope volunteers united from different Ukrainian regions. . It's worth saying that among the leaders this year there were young people who before that had taken an opportunity to come to the camp as campers. And it's a great

blessing that now they can share their own experience of advantages of life after accepting Christ.

The kids had Bible lessons where they were told about God and the Christian life. They could express themselves in team games and interesting competitions. The main goal for all the team of leaders was to create a warm and family atmosphere for the children as well as for parents.

Bible studding

Parents were blessed by the opportunity to meet David Little again who led the training seminars. That was a time of active discussions and sharing both difficult and happy upbringing experience in foster families. When families start to gather in the first day of the camp, they hug each other and cry, because they said that after experience they had last year they were looking forward to meet each other again and missed a lot that great atmosphere that they had. Also this time there were few new

families that joined Orphan Care program this year and they were surprised to see so many other Christian foster families.

Every camp day ended up with the evening program. There kids were sharing their testimonies, repenting, singing worship songs and reciting poems. My husband Peter and Roman Matviyiv were sharing the Gospel and every morning Bible classes groups were discussing the message.
